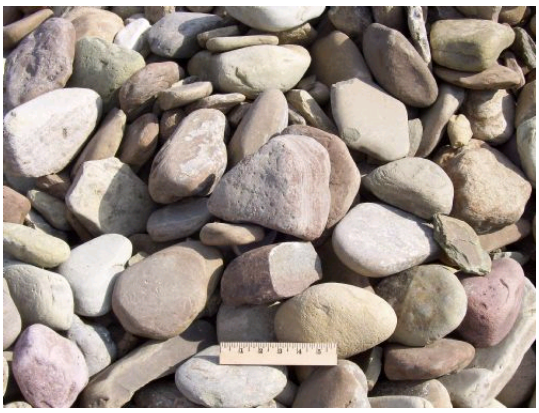
Oversize, Landscape Rocks, Boulders

* CLICK ON SMALL PICTURES FOR SLIDE SHOW

Item Description

Oversize is generated in the process of screening Bank Run Gravel. It is not a washed product, so oversize piles tend to have some Bank Run mixed in. We sort these piles into size ranges starting at 2 inches and working up to 24 inch plus. We generate oversize at Collins, Freedom, Great Valley, and Springville, but always call to check on availability. Click on the small photos to open up a slide show displaying all the basic sizes.

2 inch to 8 inch Gabion Gravel



5 inch to 12 inch Chimney Stone

8 inch to 18 inch Landscape Boulders

18 inch to 36 inch Landscape Boulders

36 inch plus Landscape Boulders
