

Round #1A Gravel

- * Self compacting (when contained)
- * Good drainage
- * NYSDOT size 1A
- * We produce this product at: Great Valley, South Dayton, Springville

Item Description

This primarily 1/4" clean, rounded, natural gravel with a top size of 1/2" works well as drainage material or self compacting fill (when contained in a hole or a foundation). Round #1A is sometimes used for playground cover.
