

Bank Run Gravel

- * Variable by source
- * Clean compactable fill
- * We produce this product at: Chaffee, Collins, Freedom, Gowanda, Great Valley, Hanover, South Dayton, Springville

Item Description

Bank Run Gravel is unprocessed gravel. Depending on the source, it can be 4" minus, meeting NYSDOT Item 203 requirements, or a very coarse, clean, compactable fill with 8" and larger stones in it. It is usually the least expensive base or compactable fill available.
