

UNIFORM SERVICE

There is a uniform service available when you become an employee of the Gernatt Family of Companies to save wear and tear on your personal clothing. This service is through a company called Cintas. There are a variety of items to choose from including: shirts (both short and long sleeve), pants (various weight fabrics) coveralls, etc.

The clothes are picked up on a weekly basis for laundering with fresh items dropped off at your specific plant location.

The **employee** is responsible for the cost of the cleaning and **MUST** advise Penny at the Collins Office when service is **started or stopped including when going on/off layoff every year.** The charge for the service is reasonable and is taken out of your paycheck on a weekly basis. A price list is on the reverse side for your review.

If you are interested in this service please advise your supervisor or talk to the Cintas Route Salesman when he stops at your location.

REMEMBER

It is your responsibility to advise Penny at the Collins Office when starting and stopping service for any reason.

INITIAL LAUNDRY SETUP

Employee Name: _____

Employee Location: _____

Date Service to Start: _____

Please submit this form to Penny at the Collins Office for setup.
